**Carissa Phelps**

Meet our featured speaker, Carissa Phelps. Carissa shares her inspirational story about how she overcame insurmountable odds and escaped being sexually trafficked by a brutal pimp to become an attorney and advocate for youth. Her unique life experiences have enabled Carissa to envision a world where runaways and sexually exploited youth are cared for and guided on their journey to adulthood. Come find out about how schools can identify youth who may be experiencing similar situations and how you can help.

*Please note: Efforts will be made to accommodate 'district' seating arrangements; however there is no guarantee individuals from districts/sites will be able to sit together.*
